### Discussions:

The Commission was asked to clarify the postal rule 8b). It seems that the present wording, in the team section, could be interpreted that a leave is only needed to inform the Team Captain and not the opponents. Thus the PRC unanimously proposes to change the part for Team to the following wording. (The individual rule is unchanged.)

### Proposal for Playing Rules Postal 8b)

*TEAM: Players taking leave must inform in advance their opponents and Team Captain. The Team Captain, in turn, shall inform the Tournament Director.*

I would like to thank all members of the PRC for their dedicated and cooperative work and input!

Kind Regards and Amici Sumus

Per Söderberg, Chairman of the PRC
